

Assignment 7

Peer Panel Evaluation - Individual Judge Scoresheets

Evaluator Name	Karthikeyan M
Evaluation Panel Number	Panel 1
Team Number Evaluating	Team 1

Overview

Each team will present their project in 10 minutes.

Your task as a panelist: evaluate one team's presentation using the rubric below.

Your grade for this assignment is based on the quality, specificity, and fairness of your evaluation, not on whether your score matches your co-panelists'. **Your evaluation sheet will be graded out of 30 points based on the quality.**

Ground Rules for Judges

- Score independently, don't discuss numbers with co-panelists until after you've both written yours down
- You may not score a team you are a member of; check the roster below if you are unsure
- Every score needs at least one specific comment, "good" or "weak" alone is not sufficient
- Hold questions for the dedicated Q&A window rather than interrupting the presentation
- Submit your scoresheet after the evaluation through DigiiCampus

Presentation Evaluation Criteria (25 Marks)

This is the same rubric used for Assignment 6.

Your evaluation sheet will also be graded out of 30 points based on the quality.

Criterion	What to Look For	Points
Clarity of the Question	Is the hypothesis clear? Do you understand what's being investigated within the first 2 minutes?	5
Strength of Findings	Are the 2–3 findings genuinely well-supported? Are the charts correctly interpreted, not just shown?	5
Design Principles Applied	Does the before/after redesign show real understanding of pre-attentive/data-ink concepts — not just a cosmetic change?	5
Communication & Time	Clear delivery, participation split across members, finished within 10 minutes, handled Q&A well	5
Slide Design Itself	Are the slides themselves well-designed — one idea per slide, readable from the back of the room?	5

Deliverables

- One completed individual scoresheet per judge (find yours in the pages that follow)

FILENAME & SUBMISSION

Filename: <Registration Number>_PanelEval_Team<X>

Submit via: DigiiCampus

Due: end of day, Thursday, August 27th

Panel Evaluation Scoresheet

30 Marks · Individual Submission

Judge Name	Karthikeyan M
Judge Roll No.	26120004
Panel No.	1
Team Being Judged	T1

Scoring

Criterion	What to Look For	Max	Score	Comments
Clarity of the Question	Is the hypothesis clear? Do you understand what's being investigated within the first 2 minutes?	5	5	The cloud compute resource analysis question is clearly conveyed.
Strength of Findings	Are the 2–3 findings genuinely well-supported? Are the charts correctly interpreted, not just shown?	5	5	Memory consumption vs utilization idea is really good.
Design Principles Applied	Does the before/after redesign show real understanding of pre-attentive/data-ink concepts — not just a cosmetic change?	5	5	Statiscally the analysis is much mature with tests like anova and everything.
Communication & Time	Clear delivery, participation split across members, finished within 10 minutes, handled Q&A well	5	5	Team participation is good and feels equally distributed.
Slide Design Itself	Are the slides themselves well-designed — one idea per slide, readable from the back of the room?	5	5	Slides are well designed and equally spaced and filled with contrasting colors.
Total		25		

Strongest aspect of this presentation: The complexity of the problem is challenging and to explain it clearly along with the terminologies. It's really good.

One specific suggestion for improvement: There could have been more slides one explanation of the terminologies as there may people - not aware of what scheduling algorithms are. But, due to time constraints they tried their best to convey their stuff as simple as possible.

Judges	Panel Number
Karthikeyan M (T2) · Sahanaa Srinivasan (T3)	1
Keerthana G (T3) · Yazhini Amirthavarshini S (T4) · Mohamed Fazil A (T5)	2
Ganesh Raja L (T8) · GiriPrasad V (T9) ·	3
Shreepriyadarshini RM (T6) · Jeevashree Ravikumar (T7)	4
Sharlatha R (T7) · Raghuvamsan M (T8)	5
R Eniya Velan (T8) · Krithik M (T9)	6
Monigha Rajam K L (T1) · N Lakshmi Mayuri Kavya (T2) · Akashkumar A H (T9)	7
Keziah Nevis Sargunar B (T1) · Mirthula M (T2) Priyadarshini PALANI (T7)	8
Hema Priyadharshini V (T4) · Pranav N (T5) · Shrawanthi P (T6)	9
